INDEX TO VOLUME VII.

Abdominal pregnancy, case of, 424
Abscess of the liver opening into the duodenum, . . 393
Absorption of croton oil by the hand, purgative effects of, . 406
Absorption of poison, M. Pavas on the means of preventing, . 412
Absorption of iodine, . . 432
Abstinence, chemical changes produced in the fluids by, . 220
Abstinence, effects of, experiments by Dr Collard de Martigny, . . 196
Acceleration of the pulse in high altitudes, . . . 182
Accidental cure of an inflammation of the tongue, . . 404
Acupuncturation in nervous affections of the eye, by Dr Quadri, of Naples, . . . 246
Acupuncturation in rheumatism, 404
Allert's cure of excessive thirst by camphor, . . . 195
Alvo-urinary calculus, . . 422
Ambulatory clinic at Halle, . 380
Amputation of the lower jaw, 208
neck of the uterus, case of, . 420
Amylic acid made artificially with carbon and oxygen, . . 431
Amussat's dissection of a man who hung himself, . . 205
Amussat's operations on the bladder, . . 24, 212
Anatomy, comparative, of the brain, by M. Serres, reviewed, 336
Anatomy, report to Parliament on its difficulties in England, . 177
Analysis of small pox virus, . 432
Anderson's case of artificial anus, cured, . . . 208
Aneurism of carotid artery, cured by Valsalva's method, . 418
Aneurism of external iliac artery cured by ligature, . . 206
Aneurisms, unusual variety of, 423
Aneurism of the middle meningeal artery, . . . 424
Angina maligna, nitrate of silver in, ... 411
Annals of the ambulatory clinic at Halle, review, . . 380
Anus, imperforate, productive of a calculus, . . . 422
Armstrong, Dr, on inflammations of the digestive organs, . 188
Arnott, Dr, on medical physics, reviewed, . . . 124
Artificial anus cured by caustic and compression, . . 208
Artificial diamonds produced, . 430
Artificial production of amylic acid, . . . 431
Arago's case of singular tubes of sand produced by lightning, 431
Artificial excitement of premature labour, . . . 428
Artificial palates, utility of, . 421
Asphyxia, Leroy's remarks on excessive insufflation in, . 205
Atkins, Dr, his establishment for the cure of congenital deformity, . . . 223
Atmospheric pressure, removal of it in making minute injections, . . . 28
Audibert's cures of intolerance of light by belladonna, . . 194

Baker on the medicinal uses of the herb cherrattah, . . 410
Barkhausen on delirium tremens, review, . . . 301
Barth's, Dr, case of softening of the stomach, . . 395
Barth's, Dr, case of hydrophobia from cold, . . . ib.

Barthez on the action of deutobromide of mercury on the animal economy, . . 219
Baudelocque's modes of accelerating parturition . . 215
Bayle on iodine in mammary tumours, . . . 198
Bayle's case of salivation cured by masticating cinnamon, . 412
Beesley's, Dr T. R. cases of gangrene of the throat indicating calomel, . . . 66
Belladonna applied in strangulated hernia . . . 199
Belladonna in nervous affections of the eyes, . . 194
Bell on physiology applied to therapeutics, . . . 36
Bell's address on the institutes of medicine and medical jurisprudence, . . . 225
Bernstein on acupuncturation in rheumatism, . . 404
Bennerscheidt on the passage of iodine into the blood, . 432
Berzelius's severe censure of Thompson's "First Principles," 431
Bibliographical notice of annals of the ambulatory clinic at Halle, 380
Bibliographical notice of Cazenave and Shedel on cutaneous diseases, after Biett, . 385
Bibliographical notice of Meigs's oration on medical education, 382
Bibliographical notice of Meigs's translation of Hufeland on Scrofula, ... 386
Bibliographical notice of Robert on the epidemic small-pox at Marseilles, . . 378
Bibliographical notice of Wolff on infantile diseases, . . 167
Biett, Dr, Cazenave and Shedel's account of his lectures on cutaneous diseases, noticed, . 385
Biographical notice of professor Chaussier, ... 162
Blowpipes made with caoutchouc bags, ... 432
Blande's case of laryngotomy, 420
Bleeding, general and local, in cases of poisoning, . . 201
Blister, large, cures a case of inflamed lymphatics, . . 408
Blisters advantageously dressed with raw cotton, . . 268
Blondeau on the fermentation of opium previous to the extraction of morphia, . . 222
Blood-letting, Louis on, . 415
Bond on the treatment of fractured patella, ... 286
Botany, new professor of, elected, 442
Bostock on summer catarrh, reviewed, . . . 334
Bostock's analysis of the perspiration, reviewed, . . 333
Brain, chronic disease of, cured by trephining, . . . 422
Bread of bad quality, supposed the cause of an epidemic at Paris, 399
Breschet on a cavity and fluid in the membrana caduca, . 176
Brewster and Skerrett's advertisement of the new vaccine regulation, ... 223
Brodie on injuries of the brain, reviewed, . . . 323
Brome, action of the deutobromide of mercury on the animal economy, ... 219
Bruni on cancer of the uterus cured by injections of hydrocyanic acid, ... 216
Brunner's observations on the acceleration of the pulse in high situations, . . 182
Buttermilk, poisoning by, . 418
Byant's, Dr T. S. case of obstinate constipation successfully treated, 266

Caffrot's case of gangrene of a crural hernia, . . . 418
Calculus, alvo-urinary, . 423
obstructing labour, 428
Calomel in gangrene of the throat, 66
Camphor to cure polydipsia, 195
Cancer of the uterus cured by injections of hydrocyanic acid, 216
Caoutchouc blow-pipes, . 432
Capillary circulation, . . 390
Caries of the upper maxilla, with regeneration of the teeth, 213
Cartilages and fibro-cartilages, professor Weber on, . . 177
Cartwright on iodine in various diseases, ... 199
Case of abscess of the liver opening into the duodenum, 394
a calculus obstructing labour, . . 428
acupuncturation in nervous affections of the eye, by Dr G. B. Quadri, 246
acupuncturation in rheumatism, . . 404
amputation of the lower jaw, . . 208

Case of alvo-urinary calculus, 423
aneurism of the middle meningeal artery, 424
aneurism of the external iliac artery, cured by ligature, . . 206
an ossification in the placenta, . . 428
a preternatural septum in the vagina, retarding labour, . . 426
artificial anus cured by compression and cautery, . . . 208
a uterus bicornis, . 428
cancer uteri cured by injections of hydrocyanic acid, . . 216
cholera infantum, with dissections, . 396
chronic disease of the brain cured by trephining, 428
dissection of a man who hung himself, . 205
effects of mercury in syphilis, . . 269
epilepsy cured by valerian, 200
erysipelas treated by incisions, . . 111
excision of the clavicle, 210
extra-uterine fetation, 216
gangrene of the throat indicating calomel, 66
gangrene of a crural hernia, 418
hernia cerebri, . 214
hydrophobia from cold, 395
imperfect union of a fractured femur cured by extraction of a necrosed portion of the bone, 213
inflamed lymphatics cured by a blister, . 408
inflammation of the tongue accidentally cured, 404
iodine in mammary tumours, . . 198
laceration of the thumb, 418
laryngotomy, . 420
lithotomy by the high operation, . . 423
mania from indigestion, 400
masked intermittent fever, by Dr Richelan, 86
measles confined to one half the body, . 395
medical evidence in a life insurance case, 415
membrane produced in coryza, . . 403
Case of natural delivery after fruitless use of the forceps and efforts to turn, 215
obstinate constipation, 266
paralysis cured by lightning, . . 201
paralysis from lead, with the dissection, . 186
perforation of the stomach, 394
perforation of the stomach of a singular character, 401
peritonitis, . . 278
poisoning by the buttermilk of a goat, . 418
poisoning with carbonate of potash, . . 203
premature labour, the child surviving, . 427
purgation from croton oil absorbed by the hand, 406
regeneration of the teeth, 218
rheumatism cured by tartar emetic, . . 407
retroversion of the uterus, 216
rupture of the stomach by vomiting, . . 335
scrofulous ulcers cured by cod oil, . . 404
secale cornutum administered in various states of labour, . . 153
softening of the stomach, 185, 395
spontaneous salivation cured by masticating cinnamon, . . 412
staphyloraphy, . 209
strangulated hernia, 418
strictured ilium, . 31
synovitis, . . 398
transformation of the tissue of the heart into fat, 402
tumours of the stomach, 110
ulceration of the stomach, 394
unusual variety of aneurism, . . 423
Catarrh, summer, Dr Bostock on, reviewed, . . . 334
Causes which retard perfection in the healing art, by Dr A. Matthey, of Geneva, . . 295
Caustic paste for callosities about fistulas, . . . 195
Cavalier, M., on vital resistance to disease, . . . 187
Caventon's remarks on the test for strychnia, . . . 222
Cavity and fluid in the membrana caduca, . . . 176

Cazenave and Shedel on cutaneous diseases, noticed, . 385
Centre of the nervous system, Flourens on the, . . 183
Cephalo-spinal fluid, Magendie on the, ... 182
Chaussier, professor, biographical notice of, . . . 162
Chemical changes in the fluids produced by abstinence, . 220
Cherrattah, the herb, on the medicinal uses of, . . . 410
Chevallier, M., on Dr Staples's method of procuring morphia, 222
Chevallier on caoutchouc bags for blow pipes, . . . 432
Children, Wolff on peritonitis in, 107
Cholera, Dr Christie of Madras, on, 407
Cholera infantum, morbid appearances in, . . . 396
Christie, Dr, on cholera, . . 407
Christison on an epidemic dysentery at Edinburgh, . . 408
Cinnamon, spontaneous salivation, cured by masticating, . . 412
Circular of Dr Atkins for his orthopedic institution, . . 222
Circulation, M. Hering's experiments on the velocity of the, 182
Civiale, M. observations on the operations of, by Dr La Roche, 20, 212
Cod oil in scrofulous ulcers, . 404
Cold air in pulmonary diseases, 199
Colica pictonum, note on, by Dr R. Harlan, . . . 299
Colic from lead, Anguetin on, . 400
Collard de Martigny on abstinence, 195
on chemical changes produced in the fluids by abstinence, . . 220
on the functions of the lymphatic system, . . 184
Collyrium siccum for opacity of the cornea, . . . 195
Colson on the influence of mercury on the uterus, . . 194
Commencement in the university of Pennsylvania, . . 435
Commencement in Columbian College, D. C. . . . 437
Comparative anatomy of the brain, vol. 2, of M. Serres, reviewed, 336
Comparison of venous blood with that in the capillaries, . 220
Congenital fusion of the kidneys, 176
Connection between monstrosity and the nervous system, . 390
Conrad's, Mr S. W. election as professor of botany, . . 442
Constipation, obstinate case of, successfully treated, . 266
Copaiba, mode of exhibiting, 411
Cornea, collyrium siccum for opacity of the, . . . 195
Cotton employed as a dressing for blisters, . . . 268
Courhaut on the poisonous effects of ergot, . . . 192
Coxalgia, Dr Spitzer on the nature and cure of, . . 62
Cramer, Dr, on spurious cow-pox, 185
Croton oil, purgative when absorbed by the hand, . . 406
Cusack on amputation of the lower jaw, ... 208
Cutaneous diseases, Cazenave and Shedel on, noticed, . . 385
Cutaneous perspiration, Dr Bostock's analysis of, . . 333
Cyanate of ammonia identical with urea, . . . 218
Cyanic acid procured in a separate state, . . . 218

Dandelion, proper preparation of, 199
Darrach, Dr W. on the proper use of mercury in syphilis, with cases, . . . 269
Darrach's case of strictured ilium, 31
Davy, Dr John, on the introduction of the catheter to relieve strangury, . . . 200
Degiorgi's, Dr, recto-vesical operation, ... 213
Delirium tremens, Barkhausen on, reviewed, . 301
cured by opium alone by Dr Wittchke, . 194
Leveillé on, 191
opium in the cure of, . 411
Delormel, Dr, on chronic gastro-enteritis, . . . 194
De Sousa Ferras's, Dr M. J. case of mania produced by indigestion, ... 400
Deutobromide of mercury, action of, on the animal economy, . 219
Dewar's, Mr, cases of poisoning by carbonate of potash, . . 203
Diamonds, mode of producing artificial, . . . 430
Difficult cases of parturition, Michell on, reviewed, . 141

Dissection, preservation of subjects for, ... 389
Dobson on punctures in erysipelas, reviewed, . . 108
Drake, Dr, of New York, on the respiration of cool air in pulmonary diseases, . . 199
Drake on uterine hemorrhage, 426
D'Outrepont's, professor, remarks on inducing premature labour artificially, . . 428
Drowning, remarks of M. Leroy on excessive insufflation of the lungs after, . . . 205
Duges on puerperal peritonitis, 425
Dupuytren's, professor, ointment for discussing tumours, . 195
Dysentery, epidemic, at Edinburgh, ... 408

Ebermaier's, Dr, singular case of perforation of the stomach without softening, . . 401
Ebers, Dr, on extract of root of male fern in tænia, . . 195
Education, medical, Meigs's oration on, noticed, . . 382
Epps's case of inflamed lymphatics, ... 408
Effects of abstinence, . . 195
Effects of certain medicines on a healthy individual, . 192
England, difficulties of anatomy, in, ... 177
Epidemic dysentery at Edinburgh, 408
of a singular character at Paris, . . 399
small pox at Marseilles, M. Robert's account of, noticed, . 379
Epilepsy, case of, cured by valerian, ... 200
Epilepsy, cured by selinum palustre, ... 414
Ergot, Dr Huston on the abuse of, ... 75
poisonous effects of, . 198
use of, in parturition, by Mr Michell, reviewed, 141
Erysipelas, Dobson on punctures in, . . 108
Hutchinson's case of, 110
Lawrence on, reviewed, . . 94
Esquirol's case of abdominal pregnancy, ... 424
Examination of the body of a man who hung himself, . . 105
Excision of the clavicle, by Dr Mott, ... 210
Experiments on the velocity of the circulation, . . 182
External iliac artery tied by Dr Randolph, . . 207
Extirpation of neck of uterus, by M. Lisfranc, . . . 14
Extra-uterine fetation, case of, 216
Eye, influence of operations in the neck on the, . . 182
nervous affections of, cured by acupuncturation, . 246
neuralgia of, cured by belladonna, . . . 194
peculiar inflammatory disease of, ... 121

Fahrenhorst's case of superfetation in a single membrane, . 181
False membranes, chemical nature of, ... 432
Fearn, Dr, on removing atmospheric pressure in making minute preparations, . . 28
Ferramosca's, Dr, case of anthrax cured by mercurial frictions, 201
Fetation, extra-uterine, case of, 216
Fevers, intermittent, Prussian blue for the cure of, . 413
periodical, of Rome, Dr Folchi on the origin of, 251
Fibro-cartilages, Weber on, . 177
Filix mas, extract of root of, in tænia, ... 195
Flourens on the situation of the centre of the nervous system, 183
Fluid in the membrana caduca, 176
Folchi, Dr G. of Rome, on the origin of the periodical fevers of that city, ... 251
Fractured patella, Dr Bond on the treatment of, . . 286
Frictions, mercurial, in anthrax, 201
Functions of the lymphatic system, ... 184
Fungus hæmatodes, cured by alum and red oxide of mercury, 418
Fusion of the kidneys, . 176

Gairdner's case of epilepsy cured by valerian, . . 200
Gangrene of a crural hernia, . 419
Gangrene of the throat indicating calomel, ... 66
Gannal's mode of producing artificial diamonds, . . 430
Gabert's case of a uterus bicornis, 428

Garde's case of extra-uterine fetation, . . . 216
Gascoin on preserving anatomical preparations, . . 389
Gastrodynia cured by prussic acid, . . . 200
Gastro-enteritis, Armstrong on, 188
chronic, Delormel on, . 194
Gastro-malacia, case of, . 185
Gay Lussac's new pyrophorus, 431
Glandular swellings, Dupuytren's ointment for, . . 185
Glucinum newly obtained separate, . . . 430
Gmelin's process for artificial ultramarine, . . . 217
Græfe's caustic paste for callosities about fistulas, . . 195
Graduates of Transylvania University, . . . 441
Guibert's case of membranous inflammation of the Schneiderian membrane, . . . 403
Guimier on nitrate of silver in angina maligna, . . 411
Gumpert on cod oil in scrofulous ulcers, . . . 404

Halle ambulatory clinic, annals of, noticed, . . . 380
Harlan's note in reply to M. Merat on diseases from lead, . 299
Hasse, Dr, on Prussian blue in intermittents, . . . 413
Hazard's, Mr S. abstract of the bills of mortality of Philadelphia, for 1824, . . 439
Healing art, Dr Matthey, of Geneva, on the causes which retard the perfection of the, . 295
Heart, case in which no division existed between the ventricles of the, . . . 180
Heart, great part of a, transformed into fat, . . . 402
Heart, wound of, Dr Randall's case, . . . 421
Hemorrhage from leech bites, mode of arresting by cups, . 201
Hemorrhage, uterine, checked by injecting cold water through the umbilical cord, . . 215
Hering's experiments on the velocity of the circulation, . 182
Hernia, gangrene of a, . 418
Hernia, strangulated, Dr Ehermann's case of, . . ib.
Horner's cases of cholera infantum, with dissections, . 396
Houlton on preparing leontodon taraxacum, . . . 199
Hufeland on scrofula, Meigs's translation of, . . 386
Huston, Dr, on spurred rye, . 75
Hutchinson's case of erysipelas, 110
Hydrophobia from cold, case of, 375

Iliac artery, external, ligature of, by Dr Randolph, . . 206
Indigestion, mania produced by, 400
Infantile diseases, Dr Wolff on, noticed, . . . 167
Injuries of the brain, Brodie on, reviewed, . . . 323
Institute, Philadelphia Medical, 438
Institutes of medicine and medical jurisprudence, Dr Bell's address on, . . . 225
Insurance on lives, curious case, 415
Intermittent fever, masked, Dr Richelan's case of, . . 86
Intermittent fever, Prussian blue for the cure of, . . 413
Iodine in mammary tumours, . 198
passage of, into the blood, 432
in various diseases, . 199
in white swellings, . 411
Ith, professor, on nitro-muriatic pediluvia, . . . 414
Jacobson, Dr, on perineal hernia, 214
Jemima, M. on injections by the umbilical cord in uterine hemorrhage, . . . 215
Jerrard, M. J. C. on hydrocyanic acid in gastrodynia, . . 200
Judkins's, Dr, case of chronic disease of the brain cured by trephining, . . . 422
Jurisprudence, medical, and medical institutes, Bell's address on, 225

Katerban's, Dr, case of ossification in the placenta, . . 428
Kidneys, congenital fusion of the, 176
Kitson's, Mr G. case of paralysis from lead, . . . 187
Krimer's, Dr, case of aneurism of the middle meningeal artery, . 424
Krimer's, Dr, case of lithotomy by the high operation, . . 423
Krukenberg's, Dr, annals of the ambulatory clinic at Halle, noticed, . . . 380

Labour, acceleration of, . 215

Labour obstructed by a calculus in the bladder, . . 428
Laceration of the thumb, case of, 418
Lallemand and Lafosse on tartar emetic in rheumatism, . 407
Lallemand's case of an unusual variety of aneurism, . . 424
La Roche's account of important operations performed in Europe, . . 13, 212
Laryngotomy, case of, . . 420
Lassaigne, on the analysis of false membranes, . 432
on the pineal concretions of the horse, . ib.
Lawrence on erysipelas, reviewed, 94
Leeches, mode of arresting hæmorrhage from their bites, . 421
Leontodon taraxacum, proper mode of gathering and preparing, . . . 199
Leroy on the dangers of violent inflation of the lungs in drowned persons, . . . 205
Leveillé on delirium tremens, . 191
Lightning, cure of paralysis by, 201
Lightning, singular tubes produced by sand, . . . 431
Lisfranc's operation for excision of the uterus, . . 14, 420
Lithontritie, observations on, by Dr La Roche, . . 20
Lithotomy above the pubis, by M. Amussat, . . 25
by Dr Krimer, . 423
by the rectum, . 212
Lombard, Dr H. C. on pulmonary tubercles, . . . 400
Louis on bloodletting, . . 415
Lower jaw, amputation of, . 208
Lymphatic system, functions of, 184
Lymphatics, inflamed, cured by a large blister, . . . 408

Magendie's remarks on the brain and cephalo-spinal fluid, . 184
Magliari's, Dr, case of strangulated hernia, cured by the application of belladonna, . . 199
Male fern, extract of, in tænia, . 195
Mania produced by indigestion, 400
Marseilles, epidemic small pox at, 379
Masked intermitteat fever, by Dr P. Richelan, . . . 86
Matthey, Dr, of Geneva, on the causes which retard perfection in the healing art, . . 295
Mayer on the effect upon the eye of operations on the neck, . 182
Mayer on valves in the pulmonary veins, . . . 175
Mayer's account of a monster, ib.
Measles, case of eruption of, confined to one-half of the body, 395
Medical certificates and evidence, curious case, . . . 415
Medical education, Meigs's oration on, noticed, . . . 382
Medical physics, Dr Arnott's work on, reviewed, . . 124
Medical society, spring report of, ... 439
Medicines, effects of certain, on a healthy individual, . . 192
Medico-chirurgical transactions, vol. xiv. reviewed, . 94
vol. xiv. part 2, reviewed, . . . 323
Meigs's oration on medical education, noticed, . . . 382
Meigs's translation of Hufeland on scrofula, noticed, . . 386
Membrana caduca, cavity and fluid in, ... 176
Membranes, false, formed in the Schneiderian membrane in a case of coryza, . . . 403
Meningeal artery, middle, aneurism of, ... 424
Merat, M. of Paris, Dr Harlan's note in reply to his strictures, 299
Mercury, deutobromide of, action of upon the animal economy, . . . 219
Mercury, Dr Darrach on the proper use of, in syphilis, . . 269
Merrill, Dr, on the use of cotton as a dressing for blisters, . 268
Metalloids, glucinum and yttrium, newly obtained separate, . 430
Michell on ergot, reviewed, 141
Mitivie's case of abdominal pregnancy, ... 425
M'Kenzie on preserving subjects for dissection, . . 389
Monster, Mayer's account of a, 175
Morphia, Dr Staples's new improved mode of preparing, 433
Morphia, M. Chevallier on Dr Staples's mode of preparing, 222
Morphia, on fermentation of opium previous to the extraction of, 222
Mortality of Philadelphia in 1828, 439
Mott's operation for the extirpation of the clavicle, . 210

Nægele's table of the ratio of singular midwifery cases, . 427

Nancrede's, Dr J. G. vaccine institution, . . . 438
Natural delivery after the fruitless use of the forceps and vain efforts to turn, . . 215
Neck, influence of operations on the, on the nutrition of the eye, 182
Nervous affections of the eye cured by acupuncturation, by Dr Quadri, of Naples, . 246
Nervous system, connection of, with monstrosity, . . 390
Nervous system, M. Flourens on the centre of, . . 183
Neuralgia, cures of, . . 312
Neuralgia of the eye cured by extract of belladonna, . 194
New medical hall, university of Pennsylvania, laying of the corner stone, . . . 436
New metal, . . . 429
Nitrate of silver in angina maligna, 411
Nitrate of silver in small pox and other vesicular and pustular disorders, . . . 410
Nitro-muriatic pediluvia, . 414

Ointment for glandular swellings, by M. Dupuytren, . . 195
Olive, European, its analysis and use in fevers, . . 193
Opacity of the cornea, collyrium siccum for, . . 195
Opium, on the use of, in delirium tremens, . . . 411
Oration, Dr Meigs's, on medical education, noticed, . 382
Orfila's recent experiments on drowning, . . . 202
Orthopedic institution by Dr Dudley Atkins, . . 223
Osann's discovery of the new metal, pluranium, . . 429
Ossification in the placenta, case of, ... 428

Palates, artificial, on the utility of, . . . 421
Pallas's, Dr, comparison of venous blood with that of the capillaries, . . . 220
Pallas, Dr, on the analysis and febrifuge powers of the olive tree, . . . 193
Paralysis cured by lightning, 201
from lead, with a dissection, . . 186
Paste, caustic, for callous fistulas, 194
Patella, fractured, Bond on the treatment of, . . 286
Pavas, M., on the means of preventing the absorption of poison, 412
Pediluvia, nitro-muriatic, 414
Perfection in the healing art, Dr Matthey, of Geneva, on the causes which have retarded, 295
Perforation of the stomach, 393
Perforation of the stomach, singular case of, without softening, 401
Periodical fevers in Rome, Dr Folchi on the origin of the, 251
Peritonitis, Hodge's cases of, 278
in young children, 167
puerperal, . 425
Perspiration, analysis of, by Dr Bostock, . . . 333
Philadelphia Vaccine Institution, 483
Physiology applied to therapeutics, . . . 36
Pineal concretions of the horse, 432
Placenta, case of an ossification in the, . . . 428
Platina, mode of rendering malleable, ... 429
